ABOUT OUR SMOKED MEATS

Our unique slow-smoking and cooking process tends to leave our Meats - Ribs, Chicken, Pork and Beef pinkish or reddish in color even though they are completely and thoroughly cooked. When you see this coloring it is the flavor of our Meats and why they taste so good.

ABOUT OUR RIBS

Our ribs, imported from Denmark, are the highest grade available and are selected by weight, age and meat content. Ribs, like humans, vary in size and shape. We try very hard to make each portion correct in weight even though they may visually vary in size and shape. Mother Nature created these differences and we work with them the best we can.
